Statement of Local Council Members' and Executive Secretary's responsibilities	3
Statement of financial position	4
Statement of comprehensive income	5
Statement of changes in equity	6
Statement of cash flows	7
Notes to the financial statements	8
Independent auditor's report	20

## Financial Statements for the year ended 31 December 2011

## Statement of Local Council Members' and Executive Secretary's Responsibilities

The Local Councils (Financial) Regulations require the Executive Secretary to prepare a detailed annual administrative report which includes the Local Council's Statement of Comprehensive Income for the year and of the Council's retained funds at the end of year. By virtue of the same regulations it is the duty of the Local Council and the Executive Secretary to ensure that the financial statements forming part of the report present fairly, in accordance with the accounting policies applicable to Local Councils, the income and expenditure of the Local Council for the year and its retained funds as at the year end, and that they comply with the Act, the Local Council (Financial) Regulations, and the Local Council (Financial) Procedures issued in terms of the said Act.

The Executive Secretary is responsible to maintain a continuous internal control to ascertain that the accounting, recording and other financial operations are properly conducted in accordance with the Local Councils Act, Local Council (Financial) Regulations, and the Local Councils (Financial) Procedures. The Executive Secretary is also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Council and signed on its behalf on

Miriam Portelli Mayor Rita Mifsud Attard Executive Secretary

The notes on pages 8 to 20 are an integral part of the financial statements.

#### 1. General Information

Nadur Local Council is the local Authority of Nadur setup in accordance with the Local Council's Act. The office of the Local Council is situated at North Street, Nadur NDR1222, Gozo.

#### 2. Accounting Policies and Reporting Procedures

These financial statements have been drawn up in accordance with the accounting policies and reporting procedures prescribed for Local Councils in the Financial Regulations issued by the Minister of Finance in conjunction with the Minister responsible for Local Government in terms of section 67 of the Local Councils Act (Cap 363). The financial statements are prepared under the historical cost convention as modified to include fair values stated in the accounting policies below. These Financial Statements are prepared in accordance to the requirements of International Financial Reporting Standards as adopted by the EU and comply with the Local Councils Act Cap 363, the Financial Regulations issued in terms of this Act and the Local Councils (Financial) Procedures 1996.

Certain new standards, amendments and interpretations to the existing standards have been published and effective for the current period, however these changes are not expected to have a material effect on the Local Council's financial statements.

-IAS 1 (amendment) - Presentation of financial statements (effective from 1 January, 2010).

-IAS 7 (amendment) – Statement of cash flows. Amendment to reflect changes in other standards.

-IAS 17 (amendment) - Leases - Amendments to reflect changes in other standards)

-IAS 36 (impairment of assets) – Amended to reflect changes in other standards.

-IAS 38 (amendment) – Intangible assets (effective from 1 July, 2009)

-IAS 39 (amendment) – Financial Instruments: Recognition and measurement (effective from 1 January 2010)

-IFRS 2 (amendment) – Group cash-settled and share-based payment transactions (effective from 1 January, 2010)

-IFRS 5 (amendment) – Measurement of non-current assets classified as held for resale (Effective from 1 January, 2010)

-IFRIC 9 (amendment) and IAS 39 – Embedded derivatives (effective from 1 July, 2009). Amendments to reflect changes in other standards.

IFRIC 17 – Distribution on non-cash assets to owners (effective on or after 1 July, 2009)

IFRIC 19 – Transfer of assets from customers (effective from 1 July, 2009).

New important standards and early adopted

The following standards and amendments to existing standards have been published and are mandatory (as applicable) for the Local Council's accounting periods beginning on or after 1 January, 2011 or later periods and the Local Council has adopted them:

-IAS 24 – Related party disclosures (effective 1 January 2011). Amendment simplified the definition of a related party, classified its intended meaning and eliminated inconsistencies from the definition. It also provided for a partial exemption from the disclosure requirements for government-related entities.

New important standards and not early adopted

The following standards are amendments to existing standards have been published and are mandatory (as applicable) for the Local Council's accounting periods beginning on or after 1 January, 2011 or later periods and the Local Council has not early adopted them.

-IAS 32 (amendment) – Financial Instruments: Presentation (effective from 1 February, 2010). -IAS 34 – Interim financial reporting (effective 1 January, 2011).

-IFRS 7 (amendments) – Financial Instruments (effective from January, 2011).
-IFRIC 13 - Customer loyalties programmes (effective from 1 January, 2011).
-IAS 12 (amendment) – Income taxes – IAS 12 (effective from 1 January, 2012).
-IAS 1 (amendment) – Presentation of Financial statements (effective from 1 January, 2013).
-IFRS 9 – Financial Instruments – (effective from 1 January, 2013).

The principal accounting policies and reporting procedures used by the Local Councils are as follows:

#### Accounting conducted on an accruals basis

#### a. Revenue recognition

Revenue is recognised when there are no significant uncertainties concerning the derivation of consideration or associated costs. Interest income is recognised in the income statement as it accrues.

#### b. Local Enforcement System

Nadur Local Council formed part of Gozo Joint Committee until the 30<sup>th</sup> September 2011. After this date the Local Enforcement System was taken over by the Gozo Regional committee. During 2011 the amount disclosed in the financial statements under Local Enforcement Income represents the share of profit derived from the Joint Committee after deducting the related expenses as well as the administrative fee of 10% that is now chargeable to the Gozo Regional Committee for contraventions paid at the Council.

#### c. Property, Plant and Equipment

Property, plant and equipment is stated at cost less accumulated depreciation and impairment loss to date. Depreciation is calculated on a monthly basis using the reducing balance method at rates calculated to write off the cost less residual value of each asset over its expected useful life as follows:

	%
Land	0
Trees	0
Buildings	1
Office Furniture and Fittings	7.5
Construction Works	10
Urban Improvements (Street Furniture)	10
Special Projects	10
Office Equipment	20
Motor Vehicles	20
Plant and Machinery	20
Computer Equipment	25
Plants	100
Litter Bins	100
Playground furniture	100
Traffic Signs	100
Road Signs	100
Street Mirrors	100
Street Lights	100

#### d. Government Grants

Government grants are accounted for on the Income Approach according to IAS 20. They are accounted for on a systematic basis in the Statement of Comprehensive Income over the periods necessary to match them with the related costs which they are intended to compensate. If such costs have already been

incurred when the grant is made, or if there are no related cost, then the grant is accounted for when it becomes receivable.

#### e. Impairment of Assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation or depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of the fair value of the asset less cost to sell and the value in use. Impairment losses are immediately recognised as an expense in the Statement of Comprehensive Income.

#### f. Amounts Receivable

Amounts receivable are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less provision for impairment. A provision for impairment of amounts receivable is established when there is objective evidence that the Council will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the carrying amount of the asset in the present value of the estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognised in the Statement of Comprehensive Income.

#### g. Foreign Currencies

Items included in the Financial Statements are measured using the currency of the primary economic environment in which the Local Council operates. These Financial Statements are presented in Euro which is the Council's functional and present currency.

Transactions denominated in foreign currencies are translated into Euro at rates of exchange in operation on the dates of transactions. Monetary assets and liabilities expressed in foreign currencies are translated into Euro at the rates of exchange prevailing at the date of the Statement of Financial Position.

#### h. Profit and Losses

Only profits that were realised at the date of the Statement of Financial Position are recognised in these Financial Statements. All foreseeable liabilities and potential losses arising up to the said date are accounted for even if they become apparent between the said date and the date on which the Financial Statements are approved.

#### i. Cash and Equivalents

Cash and Cash Equivalents are carried in the Statement of Financial Position at face value. For the purposes of the Statement of Cash Flows, cash and cash equivalents comprise cash in hand and balances held with banks.

#### j. Related parties

Related parties are those persons or bodies of persons having relationships with the Council as defined in IAS 24.

During the year under review, the Local Council's related party that exercises a significant control was the Department for Local Government. The parties that exercise no control were Water Services Corporation and Malta Environment and Planning Authority whereas there was joint control with the Gozo Joint Committee.

#### k. Payables

Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not they are presented as non-current liabilities.

Amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the company.

#### 1. Financial Instruments

The Council recognises a financial instrument in its statement of financial position when it becomes a party to the contractual provisions of the instrument. Receivables are initially recognised at fair value. All regular way transactions in assets classified in the receivables category are accounted for using settlement date accounting, i.e. on the date an asset is delivered to or by the entity.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the council has transferred substantially all risks and rewards of ownership or has not retained control of the financial asset.

The Council assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. If there is objective evidence that an impairment loss on receivables has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate.

Receivables are recognised and carried at original invoice amount less an allowance for any uncollectible amounts. An estimate for doubtful debts is made when collection of the full amount is no longer probable. Bad debts are written-off as incurred.

Amounts due from related parties are recognised and carried at cost.

#### m. Borrowings

Borrowings are initially recognised at cost, being the fair value of the consideration received and including acquisition charges associated with the borrowing.

Subsequent to initial recognition, all interest-bearing borrowings, other than liabilities held for trading, are subsequently measured at amortised cost, using the effective interest method. Amortised cost is calculated by taking into account any discount or premium on settlement. Liabilities which are held for trading are subsequently measured at fair value.

Borrowing costs are recognised as an expense in the period in which they are incurred.

#### n. Critical accounting estimates and judgements

In preparing the financial statements, the Executive Secretary is required to make judgements, estimates and assumptions that effect reported income, expenses, assets, liabilities and disclosure of contingent assets and liabilities. Use of available information and application of judgement are inherent in the formation of estimates. Actual results in the future could differ from such estimates and the differences may be material to the financial statements. These estimates are reviewed on a regular basis and if a change is needed, it is accounted for in the period the changes become known.

In the opinion of the executive secretary, the accounting estimates, assumptions and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their description as critical in terms of the requirements of IAS 1 (revised) – 'Presentation of financial statements'.

The Council has a loan facility of Euro 91,444 (2009: Euro 97,002) with APS Bank Limited, in connection with the construction and finishing costs of the new premises to house the administrative offices of the Council and a public convenience at North Street, Nadur. This loan is repayable in monthly instalments of Euro 787.33, bears interest of 1.75% over the Central Bank Intervention rate, currently 3.75% per annum and is repayable in full by June 2026.

The facility is secured by:

(a) First General Hypothec over the Council's assets for Euro 116,469.

(b) First Special Hypothec for Euro 116,469 on a piece of land covering an area of 3,372 sq.mts situated at Our Lady of Fatima Street, Nadur.

The instalments falling due within one year are being disclosed with Current Liabilities while the balance is separately disclosed as falling due after one year.

### 18 Contingencies

The Council forms part of a Local Enforcement Pooling System, profits or losses generated from which system cannot be quantified at year end and have been excluded from these financial statements.

This year the Local Enforcement Pooling System has been terminated and the system is now being run by the Regional Committees, whereby Councils bill the respective regional committee for the agreed administrative fee.

#### **19** Contingent Liability

- i) The Council has a case still pending before Criminal Court and the Council is negotiating with the party to try to avoid civil court litigation. The claim is for a broken windscreen and the claim amounts to Euro 274.
- ii) The Council has an amount due to a supplier amounting to Euro 15,596 which amount is not included as a liability in the accounts. The Council is not recognizing the liability since it is claiming that there were works which have not been carried out correctly and amounts charged which are disapproved. Furthermore, there is an amount which the Local Council is objecting since rates charged were not as per contract.
- iii) The Council has an outstanding balance with a supplier amounting to Euro 7091 which is not included as a liability in the accounts. The Council has instruction from the Local Councils Association not to pay this amount since it exceeds the government allocation for this expense. There are discussions between the Local Councils Association, Department for Local Government and the Contractor regarding this issue which is common to all the Local Councils.

#### 20 Financial Instruments and Related Parties Disclosures

During the year under review, the Council carried out transactions with the following related parties:

Name of entity	Nature of relationship
Department of Local Councils	Significant control
Gozo Joint Committee (Local Enforcement)	Joint control
Ministry for Gozo	No control
Malta Environment and Planning Authority	No control
Water Services Corporation	No control

The following were the significant transactions carried out by the Council with related parties having:

Significant control.	2011 €	2010 €
Significant control: Annual financial allocation	396,679	398,540
No control:		
Ministry for Gozo – Eco Gozo	21,000	

The ultimate controlling party of the local is Central Government since the Council's main revenue is from the Government allocation received every quarter. Apart from the normal funds received from Government, Councils also receive funds relating to specific projects as well as other funds for the improvement and betterment of the locality.

The Council also receives revenue from other Government entities such as Water Services Corporation for trenching works carried out in the locality, and for the reinstatement of roads as a result of the trenching works.

#### 21. Financial risk management

The Council's activities expose it to a variety of financial risks such as market risk, credit risk, liquidity risk and interest rate risk. The Council's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Council's financial performance.

#### 21.1 Financial risk factors

The council's activities potentially expose it to a variety of financial risks: market risk (including currency risk, price risk and fair value interest rate risk and cash flow interest rate risk), credit risk and liquidity risk. The council's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the council's financial performance. The council provides principles for overall risk management, as well as policies covering risks referred to above and specific areas such as investment of excess liquidity. The council did not make use of derivative financial instruments to hedge certain risk exposures during the current period.

## NOTES TO THE FINANCIAL STATEMENTS

#### 21. Financial risk management

#### 21.1 Financial risk factors – continued

- (a) Market risk
- (i) Foreign exchange risk

Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities which are denominated in a currency that is not the councils' functional currency. As at 31 December 2011, the council is not exposed to foreign exchange risk in view of the fact that the transactions are concluded in the council's functional currency.

(ii) Price risk

Market price risk arises from uncertainty about future prices of financial instruments held by the council. The council was not exposed to significant market price risk at 31 December 2011, in view of the financial instruments held.

(iii) Cash flow and fair value interest rate risk

The council has no significant interest-bearing assets other than cash and cash equivalents (Note 5), issued at variable rates. These assets expose the council to cash flow interest rate risk. The Council monitors the level of floating rate bank balances as a measure of cash flow risk taken on. Based on this analysis, the council considers the potential impact on comparative income of a defined interest rate shift that is reasonably possible at the end of the reporting period to be immaterial.

#### (b) Credit risk

Credit risk arises from cash and cash equivalents and credit exposures to customers, including outstanding receivables and committed transactions. The council's exposures to credit risk as at the end of the reporting period are analysed as follows:

	2011 €	2010 €
Trade and other receivables (Note 4)	59,484	83,195
Cash and cash equivalents (Note 5)	159,779	198,928
	219,263	282,123

The maximum exposure to credit risk at the end of the financial year in respect of the financial assets mentioned above is equivalent to their carrying amount as disclosed in the respective notes to the financial statements. The council's trade and other receivables balance mainly relate to prepaid insurance. Accordingly credit risk in this respect is quite limited. The council does not hold any collateral as security.

The council banks only with local financial institutions with high quality standing or rating and as such, the council does not consider credit risk in this respect to be significant.

## NOTES TO THE FINANCIAL STATEMENTS

#### 21. Financial risk management

#### 21.1 Financial risk factors - continued

#### (c) Liquidity risk

The council is not exposed to a liquidity risk in relation to meeting future obligations associated with its financial liabilities. Prudent liquidity risk management includes maintaining sufficient cash and committed credit lines to ensure the availability of an adequate amount of funding to meet the council's obligations.

The council's total assets are higher than its total liabilities, so that the council can continue operating as a going concern and ensure it can meet its liabilities as and when they fall due.

	2011	2010
	€	€
Current Assets	219,263	282,123
Current Liabilities	110,672	113,637
Liquidity	108,591	168,486

#### 21.2 Capital risk management

The council's equity, as disclosed in the statement of financial position, constitutes its retained funds since its inception.

#### 21.3 Fair value estimation

At 31 December 2011, the carrying amounts of cash at bank, receivables and payables reflected in the financial statements are reasonable estimates of fair value in view of the nature of these instruments or the relatively short period of time between the origination of the instruments and their expected realisation. Financial Statements for the year ended 31 December 2011
