Notes to the Financial Statements for the year ended 31 December 2012

1. General Information

Nadur Local Council is the local Authority of Nadur setup in accordance with the Local Council's Act. The office of the Local Council is situated at North Street, Nadur NDR1222, Gozo.

Nadur Local Council started to form part of the Gozo Regional Committee in September 2011.

2. Accounting Policies and Reporting Procedures

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

a. Accounting convention

These financial statements have been drawn up in accordance with the accounting policies and reporting procedures prescribed for Local Councils in the Financial Regulations issued by the Minister of Finance in conjunction with the Minister responsible for Local Government in terms of section 67 of the Local Councils Act (Cap 363).

The financial statements are prepared under the historical cost convention as modified to include fair values stated in the accounting policies below. These Financial Statements are prepared in accordance to the requirements of International Financial Reporting Standards as adopted by the EU and comply with the Local Councils Act Cap 363, the Financial Regulations issued in terms of this Act and the Local Councils (Financial) Procedures 1996.

b. Standards, amendments and interpretations to existing standards

Annual Improvements: 2012 made several minor amendments to a number of IFRSs. None of the changes to IFRSs and interpretations has had, or is expected to have, a material impact on the council's financial statements.

Standards, amendments and interpretations to existing standards that are not yet effective and have not been adopted early by the council

At the date of authorisation of these financial statements, certain new standards, amendments and interpretations to existing standards have been published but are not yet effective, and have not been adopted early by the council.

Council members anticipate that all of the relevant pronouncements will be adopted in the council's accounting policies for the first period beginning after the effective date of the pronouncement.

Information on new standards, amendments and interpretations that are expected to be relevant to the Council's financial statements is provided below. Certain other new standards and interpretations have been issued but are not relevant and therefore are not expected to have a material impact on the council's financial statements.

IFRS 9 Financial Instruments (effective from 1 January 2013)

The IASB aims to replace IAS 39 Financial Instruments: Recognition and Measurement in its entirety. IFRS 9 is being issued in phases. To date, the chapters dealing with recognition, classification, measurement and derecognition of financial assets and liabilities have been issued. These chapters are effective for annual periods beginning 1 January 2013. Further chapters dealing with impairment methodology and hedge accounting are still being developed.

Council members have yet to assess the impact that this amendment is likely to have on the financial statements of the council. However, they do not expect to implement the amendments until all chapters of IFRS 9 have been published and they can comprehensively assess the impact of all changes.

Notes to the Financial Statements for the year ended 31 December 2012 – continued**c. Revenue recognition**

Revenue is recognised when the amount of revenue and the associated costs can be measured reliably. Interest income is recognised in the statement of comprehensive income as it accrues.

d. Local Enforcement System

Nadur Local Council formed part of Gozo Joint Committee until the 30th September 2011. After this date the Local Enforcement System was taken over by the Regional committees. During 2012 the amount disclosed in the financial statements under Local Enforcement Income represents the administrative fee of 10% that is now chargeable to the Regional Committees for contraventions paid at the Council.

e. Property, Plant and Equipment

Property, plant and equipment is stated at cost less accumulated depreciation and impairment loss to date. Depreciation is calculated on a monthly basis using the reducing balance method at rates calculated to write off the cost less residual value of each asset over its expected useful life as follows:

	%
Land	0
Trees	0
Buildings	1
Office Furniture and Fittings	7.5
Construction Works	10
Urban Improvements (Street Furniture)	10
Special Projects	10
Office Equipment	20
Motor Vehicles	20
Plant and Machinery	20
Computer Equipment	25
Plants	100
Litter Bins	replacement basis
Playground furniture	100
Road and traffic Signs	replacement basis
Street Mirrors	replacement basis
Street Lights	100

Gains and losses on disposal of property, plant and equipment are determined by reference to their carrying amount and are taken into account in determining operating profit. The residual values and useful lives of the assets are reviewed and adjusted as appropriate, at each financial reporting date. The carrying amount of an asset is written down immediately to its recoverable amount if the carrying amount of the asset is greater than its estimated recoverable amount.

Subsequent costs are included in the carrying amount of the asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

f. Government Grants

Government grants are accounted for on the Income Approach according to IAS 20. They are accounted for on a systematic basis in the Statement of Comprehensive Income over the periods necessary to match them with the related costs which they are intended to compensate. If such costs have already been incurred when the grant is made, or if there are no related cost, then the grant is accounted for when it becomes receivable.

Notes to the Financial Statements for the year ended 31 December 2012 (cont)

g. Impairment of Assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation or depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of the fair value of the asset less cost to sell and the value in use. Impairment losses are immediately recognised as an expense in the Statement of Comprehensive Income.

h. Amounts Receivable

Amounts receivable are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less provision for impairment. A provision for impairment of amounts receivable is established when there is objective evidence that the Council will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the carrying amounts of the asset in the present value of the estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognised in the Statement of Comprehensive Income.

i. Foreign Currencies

Items included in the Financial Statements are measured using the currency of the primary economic environment in which the Local Council operates. These Financial Statements are presented in Euro, which is the Council's functional and present currency.

j. Surplus and deficits

Only surpluses that were realised at the date of the Statement of Financial Position are recognised in these Financial Statements. All foreseeable liabilities and potential deficits arising up to the said date are accounted for even if they become apparent between the said date and the date on which the Financial Statements are approved.

k. Cash and Equivalents

Cash and Cash Equivalents are carried in the Statement of Financial Position at face value. For the purposes of the Statement of Cash Flows, cash and cash equivalents comprise cash in hand and balances held with banks.

l. Related parties

Related parties are those persons or bodies of persons having relationships with the Council as defined in IAS 24.

During the year under review, the Local Council's related party that exercises a significant control was the Department for Local Government. The parties that exercise no control were Water Services Corporation and Malta Environment and Planning Authority whereas there was joint control with the Gozo Joint Committee.

m. Payables

Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not they are presented as non-current liabilities.

Amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the council.
