Messagġġ mis-Sindku EDWARD SAID

Mingħajr ma forsi ntbaħna digħi għaddiet l-ewwel sena ta' ħidma ta' din id-disa' leġiżlatura tal-Kunsill Lokali tar-raħal tagħna.

Żgur li kienet sena li magħha ġabett affarrijiet straordinarji li bħal daż-żmien sena lanqas hadd minna ma kien joħolom li se nghaddu minnhom. Nistgħu ngħidu bla tlaqlieq li l-pandemija tal-Covid 19 matul l-2020, mhux biss xekklitna imma waqqfitna mill-ħidma normali u ħarbitilna l-pjanijiet kollha li kienu maħsuba. Kien biss bl-għaqbal tal-Kunsill kollu kemm hu li rnexxielna niffukaw fuq ħidma alternattiva, totalment differenti minn kif nafuha s-soltu.

Waħda mill-affarrijiet li l-iktar li nhasset kienet li l-aktivitajiet tas-soltu kellhom jiġu litteralment imħassra minn fuq il-lista tal-Kunsill u minn dak kollu li n-Nadurin kienu mdorrijin bih minn sena għal oħra. Madanakollu, minflok ma ntefa' jibki f'rakna, il-Kunsill iffoka ħafna iktar fuq xogħol ta' manutensjoni madwar ir-raħal u fl-istess ħin ħadna l-opportunità biex nppjanaw iktar fuq progetti ġodda għas-snin li ġejjin, meta wieħed jittama li l-maltemp tal-pandemija jkun għad-didd minn fuq pajjiżna.

Tajjeb li ngħidu li baqgħet għaddejja l-ħidma u d-diskussjoni mal-Ministeru għal Għawdex sabiex setgħet tingħata iktar attenżjoni lit-toroq tan-Nadur.

Bil-limitazzjonijiet kollha li l-pandemija ġabitra fihom, il-Kunsill irnexxielu jidawwar din il-ħażja negattiva f'opportunità u llum b'wiċċna minn quddiem nistgħu ngħidu li filwaqt li l-Kunsill baqa' wieħed magħqu, il-kunsilliera kollha baqgħu ffukati fuq xogħolhom u bqajna naraw kif b'modi differenti minn tas-soltu bqajna kemm stajna u kif stajna qrib ir-residenti.

Ma nistax ma nappellex lir-residenti kollha tan-Nadur biex f'dawn iż-żminijiet straordinarji u diffiċċi, kulħadd ikun prudenti iktar minn qatt qabel. Huwa ferm importanti li filwaqt li kull wieħed u waħda minna nieħdu ħsieb saħħitna, nikoperaw billi nsegwu kull struzzjoni mill-awtoritajiet tas-saħħha sabiex inkunu qed nieħdu ħsieb saħħet ħaddieħor ukoll. Inħarsu 'l-quddiem b'kuraġġ għax bl-ġħajjnuna t'Alla, għad jerġa jisbaħ bnazzi. F'isem il-Kunsill Lokali nieħu l-opportunita sabiex nawgura bil-quddiem, il-festi tal-Milied it-tajba lil kulħadd.

- First year of 9th legislature brought with it unusual times.
- Covid-19 stopped us from normal routine work and disrupted plans.
- Council managed to focus on alternative work, despite no activities and events.
- Focus was on maintenance work around Nadur and took the opportunity to plan new projects.
- Discussions underway with MGOZ re streets' resurfacing.
- Council remained united and focused on its work and duties.
- Appeal to residents – be more prudent in such difficult times and follow Health Authorities instructions.

Bini ta' ħitan wara I-Maltemp

In-Nadur huwa mogħni b'żoni rurali, li jsebbhu u jagħtu karattru mill-isbaħ lill-karakter. Però kull meta' jagħmel maltemp qawwi, jiġgarrfu diversi ħitan tas-sejjieħ. Il-Kunsill Lokali jara li fi żmien qasir jibni mill-ġdid dawn il-ħitan u jsewwi l-ħsar. Ser nibqgħu hemm għall-bdiewa u r-raħħala Nadurin.

Nadur is gifted with rural areas giving a wonderful character to the locality. Severe storm lead to the collapse of rubble walls. The Local Council rebuilds these walls and repairs the damages in a short span of time.

PANDEMIJA COVID-19

ČIRKUSTANZI LI QATT MA IMMAĞINAJNA

Quddiem pandemija li ġabettid-din ja għarkuppetejha, l-Kunsill Lokali kellu jieħu diversi miżuri drastiċi li jħarsu s-saħħha tarresidenti. Fosthom li waqqafna ġesrem kull attivitā tal-massa u anke fejn jiltaqqgħu gruppi ta' nies, id-Day Centre tal-Anzjani, inizjattivi soċċali u anke laqgħat. Kien hemm żmien fejn anke kellna nagħlqu postijiet bħal-Libreria Pubblika. Illum qed nippruvaw insibu mezzi kif nibqgħu noffru certu servizzi filwaqt li ma npoġġux saħħitna f'riskju.

Covid-19 pandemic led to drastic measures, especially stopping all mass activities, the elderly Day Centre, social initiatives and meetings. Some public places had to be closed for some time. We are trying to find ways to continue to offer certain services while safeguarding public health.

KWISTJONI TAR-REGISTRAZZJONI TAL-ARTIJIET

Diversi residenti Nadurin ġew milquta minn regiszrażzjoni mad-Dipartiment tal-Artijiet ta' partijiet kbar min-Nadur. Il-Kunsill Lokali fehem din il-preokkupazzjoni u għamel pressjoni kbira fl-aħħar xhur sabiex din il-materja tingħata l-attenzjoni. Grazzi għall-Kunsill Lokali, saru laqgħat pubbliċi, tqajmet fil-Parlament, u anke fir-Reġjun t'Għawdex. L-aħħar informazzjoni li għandna hija li I-Gvern talab kjarifiki u kien qiegħed jivverifika l-aġir tal-uffiċċiali tal-Agġenċija, filwaqt li għaddejja investigazzjoni mill-Pulizija. Filwaqt li nheġġu lir-residenti milquta sabiex jieħdu pariri legali meħtieġa, il-Kunsill Lokali ser jibqa' jsegwi dan il-kaž u jagħmel dak kollu li jista' sabiex jipproteġi lir-residenti.

Several residents have been affected by a sudden registration with the Land Department of large parts of Nadur. The Council has put a lot of pressure in recent months to bring this matter to attention. Public meetings were held, and the issue was raised in Parliament and Gozo Region. The latest information we have is that the Government has requested clarifications and has been verifying the conduct of the Agency officials, while an investigation is underway by the Police. We encourage residents to take necessary legal advice. We will continue to follow up on this case and do everything we can to protect the residents.
