The Nadur Local Council would like to inform its residents that, together with Wasterv Malta, a new service to further improve waste separation and management is being introduced. A specially-equipped truck will be available for the disposal of waste that should not be thrown away with domestic rubbish. In this truck, which will be stationed in a central location in Nadur, residents can dispose of jablo (polystyrene), plastic, glass, paper, cardboard, metal, cooking oil, light bulbs, textiles and other items. This is another free service and we therefore expect that irregularities in waste disposal will continue to decrease.

We inform Nadur residents that this truck will be in Nadur **every first Thursday of the month** at **28th April 1688 Square** (on the side of the Church) **from 9:30 am to 1:30 pm**, **starting on Thursday 7th November 2019**. Commercial and/or industrial waste will NOT be accepted.
